

Solution 1 Solution 2 Solution 3

```
1 function maxProfitWithKTransactions(prices, k) {
2   // Write your code here.
3 }
4
5 // Do not edit the line below.
6 exports.maxProfitWithKTransactions = maxProfitWithKTransactions;
7
```

Submit Code

```
100 # Test Case 40 - Success (1/1)
101 # Run: expect program depthFirstSearchValues(20, 100, 0) to deep equal
102 # 20
103
104 # Test Case 41 - Success (1/1)
105 # Run: expect program depthFirstSearchValues(20, 100, 0) to deep equal
106 # 20
107
108 # Test Case 42 - Success (1/1)
109 # Run: expect program depthFirstSearchValues(20, 100, 0) to deep equal
110 # 20
111
112 # Test Case 43 - Success (1/1)
113 # Run: expect program depthFirstSearchValues(20, 10, 0, 0, 0, 0, 0)
114 # 20
```

Run or submit code when you're ready.
